

EMPLOYEE-OWNED S CORPORATIONS OF AMERICA

Dear Friend,

We appreciate your consideration of membership in ESCA.

For ESCA members, being an S corporation ESOP is central to their ownership and operating structure. Our members know that if their company doesn't take an active role in preserving the Sub S ESOP, others likely will not. ESCA is the one organization that focuses exclusively on protecting **and promoting** S ESOPs in Washington, DC. As an organization that is both company-sponsored and company-directed, ESCA is a reflection of the companies it represents. ESCA is a strong, necessary voice in Washington, DC, protecting the dream of private employee ownership. We encourage you to join with us to protect this critical benefit. Your participation is crucial to our long-term success.

Since 1998, ESCA's membership has grown to more than 175 companies and 220,000 employee-owners in virtually every state in the nation. Our S ESOP companies engage in a broad spectrum of business activities and come in all sizes – from 25-person businesses to 20,000+ employee-owners – but all have one thing in common: our commitment to ensuring that no harm comes to S ESOPs as a result of intentional or unintended federal policy actions and supporting legislative initiatives to spur the creation of more employee-owned companies.

The threat to this structure continues to be acute in a political and policy environment marked by political change, high budget deficits and growing federal debt, ambitious spending programs and the never-ending search for ways to raise new tax revenue by changing existing tax laws. To help ensure that the retirement benefits from the S ESOP structure are preserved, ESCA's singular purpose is to make sure that those who make political and policy decisions that could affect us know about S ESOPs and are committed to their future. It is a substantial task, but ESCA has achieved remarkable results in both preventing harm and building allies who support ***bipartisan legislation to encourage the creation of more S ESOPs, the Promotion and Expansion of Private Employee Ownership Act (S. 1300/H.R. 4141)***.

We also realize that employee-owned S corporations are not immune from tough economic times and today's challenges and those that lie ahead may be the greatest ever faced. We have been privileged to see how ESCA companies and their employee-owners have faced these times with courage and camaraderie. Both anecdotally and through survey data, we found that businesses with an ESOP in place provided greater financial security for employees heading into and during the pandemic, and job retention at the firm level compared to comparable conventional firms. That is what makes ESCA work so hard to ensure the S ESOP structure stays in place and provides S ESOP companies and employee-owners with the support and tools that they need to succeed.

***ESCA's annual Leadership Summit will be held in Fort Lauderdale, FL from February 22-24, 2023. Registration will be available on our website, [www.esca.us](http://www.esca.us).*** The annual Summit draws over 200 senior executives of S corporation ESOPs and leading practitioners from around the country. Attendees will have the unique opportunity to hear firsthand how the policy agenda and politics of the 118<sup>th</sup> Congress could impact your S ESOP business. Summit events including hearing from members of Congress playing key roles in the federal tax policymaking process, peer-to-peer breakout sessions on topics relating to S corporation ESOPs, and a political update regarding the political landscape for 2023.

## 2023 ESCA Membership Rates

### **2023 General Membership**

Member companies receive regular updates on key Washington developments affecting Sub S ESOPs; invitations to private briefings, lobbying events, annual meetings, regional conferences and other activities; and access to ESCA's legislative and public relations resources.

Eligible companies approved by the ESCA Board of Directors Membership Committee pay dues which reflect the number of employee-owners. For 2023, membership dues are based on number of eligible participants for all categories listed below:

***Under 250 employee-owners: \$3,000***

***Between 250-1,000 employee-owners: \$5,000***

***More than 1,000 employee-owners: \$10,000***

### **2023 Leadership Council**

The Leadership Council is designed for companies who want to make a greater investment in ESCA's agenda and future. Leadership Council members may participate in select Board of Directors discussions and may serve on committees established by the Board. The Council meets semi-annually at the Leadership Summit and the Federal Policy Conference and Lobby Day. Companies pay the following dues for Leadership Council membership for 2023:

***Under 250 employee-owners: \$7,000***

***Between 250-1,000 employee-owners: \$15,500***

***More than 1,000 employee-owners: \$21,000***

### **2023 Board Membership**

The Board of Directors is the central governing body of ESCA. It is comprised of an executive committee and general members, and meets quarterly. The Board of Directors has oversight for strategic, financial, priority-related, membership and other key areas for ESCA. There are five committees within the Board of Directors: Policy, Governance, Programs, Membership, and Political.

Eligible companies approved by ESCA's Board of Directors pay the following dues for 2023:

***Under 250 employee-owners: \$33,500***

***Between 250-1,000 employee-owners: \$46,500***

***More than 1,000 employee-owners: \$62,000***
